

FREECOM Dehumidifier with ROTARY compressor

Product Features –

- B-type, from 5~35°C .
- Environmentally friendly refrigerant R-134a.
- Built-in ROTARY compressor, high efficiency and saving energy.
- Compact dimension and nice design.
- Super quiet. Less than 46dB.
- Mini-dimension and light-weighted (only 9.3 kgs).
- Auto stop by full tank.
- With continuous draining design.

Product specifications –

■ Model No.:	RDH-M100U
■ Power Supply:	220 - 240V 50Hz
■ Power consumption:	200 W
■ Operation ambient range:	B-type. 5°C - 35°C
■ Moisture removed:	14.0 L/DAY (30°C RH 80%)
■ Refrigerant:	R-134a / 88g
■ Water tank Capacity (L):	3.4 LITRES (2.6 LITRES AUTO-STOP)
■ Continuous Draining Device:	Yes
■ Dimension Net (mm):	307(W) x 205(D) x 537(H)
■ Net Weight (Kg):	9.3 kgs.
■ Gross Weight (Kg):	11.0 kgs.
■ Container loading (20'/40'GP):	387 units / 795 units
